

Returns and Inspection Form

Please ensure that you have contacted SCS-Delta to discuss your product before sending the unit. Many problems can be diagnosed and fixed remotely saving you time and money and ensuring you are not without your ECU.

Returns Address:

Specialist Control Systems Ltd
Green Farm
Weston Longville
Norfolk
NR9 5LD

Please read and sign the below information and include with the return.

I understand that:

- Any damage caused by miss use or malice may not be repaired
- A suitable back up copy of the data stored on the ECU must be made in case the unit needs to be replaced or wiped during the process.
- It is not always possible/viable to repair the unit
- During the process of inspecting the unit, if any further faults are found I am responsible for the cost of repair
- I am responsible for all of the carriage costs to SCS-Delta. Unless the unit is repaired under the warranty process I will be responsible for the return carriage costs.
- The units original warranty period is un-affected by repairs.
